## General information

<b>Denomination</b>
Master (I Livello): CONFLICT MANAGEMENT AND HUMANITARIAN ACTION
<b>Learning objectives</b>
Students of the master's degree in "Conflict Management and Humanitarian Action" will be able to develop a broad knowledge including both theoretical and practical aspects in the field of conflict resolution in an intercultural environment and in the field of humanitarian aid. Students will be trained in the analysis of fundamental issues and debate on humanitarian aid and conflict resolution in emergencies. This is done through a series of teaching modules and seminars presented by both academics and officials and experts working in the world of organizations engaged in different humanitarian response in the global context. Graduates of the Master program "Conflict Management and Humanitarian Action" develop a wide range of knowledge, including practical and theoretical aspects of conflict management in an intercultural environment and humanitarian actions. They are provided with key issues and current debates on humanitarian responses.
