General information

Denomination
Master (II Level): AESTHETIC MEDICINE - MAME
Learning objectives
The purpose of this Master's degree is to offer graduates in Medicine and Surgery, with qualification to the medical profession, a framework of theoretical-practical knowledge that at present can be useful for the professional approach in the field of Aesthetic Medicine. In the last decade, the latter has reached a very wide diffusion within the population although, to date, there are no institutionally recognized specialized figures in this sector. Aesthetic Medicine is a borderline field with other branches of medicine and which often involves as users, subjects not suffering from real pathologies. The purpose of this Master's degree is to provide basic and advanced knowledge aimed at patient selection, learning diagnostic and treatment methodologies, possible complications and their prevention.
Credits
60
Hours
1500
Duration in months

Class	Description	Type Degree
Class LM-41	Medicine and Surgery (new system pursuant to Ministerial Decree 270/04)	LM
Class LS46	Medicine and surgery	LS
-	Medicine and surgery	V.O.
Legend of degree classes - L: bachelor's degree - LS: specialist degree - LM: master's degree - O.V. degree under the old system - DU: university diploma		
Action on patient No		
Mannequin alternative Yes		
Register registration Yes		
Professional Register		

FNOMCeO - Order of Surgeons
Professional qualification Yes
Type of professional qualification Qualification to practice as a surgeon in Italy
Specialization No
Notes Enrolment in the Master's course is reserved for doctors qualified in Italy with registration with the relevant professional association. Foreign doctors who have recognized qualifications and registered with FNOMCeO are accepted

Application for admission or enrolment

Admission procedures Exhaustion
Minimum number of participants 6
Maximum number of subscribers 25

Application fees

Total amount in € 3500.00
First instalment amount in € 2000.00
Amount of the second instalment in € 1500.00

Second instalment deadline

Monday 1 June 2026

Training

Teaching methods

Blended (lessons are partly face-to-face and partly online under the guidance of the teacher)

Internal venue

Teaching unit of the Policlinico S. Maria Alle Scotte - Siena

Area Title: Classification and visit

Total CFU area: 8

Professors in charge: Cuomo Roberto - Grimaldi Luca - Nisi Giuseppe

Educational activity: The skin

CFU: 3

SSD code: MED/19 (PLASTIC SURGERY)

Educational activity: The outpatient clinic

CFU: 3

SSD code: MED/19 (PLASTIC SURGERY)

Educational activity: The visit

CFU: 2

SSD code: MED/19 (PLASTIC SURGERY)

Area Title: Consensus, Forensic Medicine

Total credits area: 8

Professors in charge: Cuomo Roberto - Gabbrielli Mario

Educational activity: The advice of the legal

CFU: 3

SSD code: MED/43 (LEGAL MEDICINE)

Educational activity: Consent

CFU: 3

SSD code: MED/43 (LEGAL MEDICINE)

Educational activity:

Insurance CFU: 2

SSD code: MED/44 (OCCUPATIONAL MEDICINE)

Area Title: Anatomy

Total credits area: 8

Professors in charge: Cuomo Roberto - Grimaldi Luca - Nisi Giuseppe

<i>Educational activity:</i> the face <i>CFU:</i> 3 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
<i>Educational activity:</i> vascularization <i>CFU:</i> 3 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
<i>Didactic activity:</i> innervation <i>CFU:</i> 2 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
Title Area: Volumes and basic treatments Total credits area: 8 Professors in charge: Cuomo Roberto - Grimaldi Luca - Nisi Giuseppe
<i>Educational activity:</i> fillers <i>CFU:</i> 3 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
<i>Educational activity:</i> fat <i>CFU:</i> 3 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
<i>Didactic training activity:</i> cutaneous ptosis <i>CFU:</i> 2 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
Title Area: Advanced Treatments Total credits area: 9 Professors in charge: Cuomo Roberto - Grimaldi Luca - Nisi Giuseppe
<i>Educational activity:</i> nutrition <i>CFU:</i> 2 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
<i>Teaching activity:</i> wires <i>CFU:</i> 2 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
<i>Educational activity:</i> hair <i>CFU:</i> 3 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
<i>Didactic activity:</i> botulinum toxin <i>CFU:</i> 2 <i>SSD code:</i> MED/19 (PLASTIC SURGERY)
Choice of internship/traineeship

INTERNSHIP
Internship/traineeship procedures Internship on anatomical preparation
Carrying out structures University of Siena
Credits awarded internship/traineeship 7
Internship/Internship Hours 175
Internship/traineeship end date December 2026
Teachers in charge of internships/internships: Cuomo Roberto - Grimaldi Luca - Nisi Giuseppe

Intermediate verification tests (Modalities) Colloquy
Assessment methods Thesis or final paper, Interview aimed at verifying the knowledge acquired
Credits awarded to the final exam 12

Collegial bodies

Teaching Board Body composed of all area managers
Board of Directors No
